

Directions to Lochearnhead

Follow the A84 through Doune and Callander all the way to Lochearnhead. It is 30 miles from Stirling and should take under an hour.

Once you get to Lochearnhead itself the Scout Station is on the Northwest of the village. You will come to a crossroads, go straight on (the loch is on your right) and the road will bend to the left as you leave the village. The road to the Scout Station is a very sharp turn to the left as you leave Lochearnhead.
